Mount Rainier, MD 20712

QUARTERLY REPORT October - December 1990

The investigation into the apparent crash of one or more UFOs outside Roswell, NM, in July 1947 continued to be the primary focus of the Fund's activities during the last quarter of 1990.

The primary goal was to raise at least \$10,000 to support the costs of the investigators in identifying additional first-hand witnesses, to record their testimony, and to produce a videotaped record of their testimony. A fundraising letter requesting donations for the project was mailed to the Fund's supporters; copies of a briefing paper and a videotape were offered as premium for contributions of \$50 and \$100 respectively. As of December 31, the effort had generated more than \$16,000 in revenue.

As a result of the fundraising appeal, we were able to compensate investigators Stanton T. Friedman, Kevin Randle and Don Schmitt for their costs in conducting interviews with more than a half-dozen additional witnesses located in four states. Their testimony, in addition to the interviews recorded at the Fund's "Crash II" conference in July, were edited into a 25-minute videotape entitled "Recollections of Roswell." Expenditures for the project at year's end were nearly \$10,000. The total amount spent on crash/retrieval research in 1991 exceeded \$40,000.

Having reached its fundraising goal, the Fund is now able to make copies of the videotape and briefing paper available for purchase by the public. See the enclosed Order Form for details. (Those who already contributed to support the Roswell investigation will receive regular update reports.)

During the quarter, the Executive Committee approved the publication of several other items, including:

- * *Advanced Aerial Devices Reported During the Korean War* by Richard F. Haines, Ph.D., a member of the Fund's Board of Directors;
- * *Phantom Helicopters Over Britain* by David Clarke and Nigel Watson, the result of a grant provided by the Fund for UFO Research; and
- * *The Allagash Affair* by Raymond Fowler, a respected author and UFO investigator; a detailed investigation into the apparent abduction of four men from a canoe on the Allagash Waterway in Northern Maine.

Members of the Fund's Board conducted an extensive program of public appearances and media promotion during this period. Chairman Bruce Maccabee, Ph.D., spoke at the International Conference on New Sciences at the University of Colorado, the "Show Me UFO Conference" in St. Louis, a conference cosponsored by the Center for Humanistic Studies and the Center for UFO Studies in Santa Barbara, CA; and the "UFO and Space Symposium" in Hakui City, Japan. The latter was particularly notable, because it was sponsored by the city and endorsed by the Japanese Prime Minister.

Dr. Richard Haines made a presentation on "Using Concepts from UFO Studies to Teach Science and Critical Thinking" at the Arizona State Teachers Association annual conference. Board members Don Berliner, Richard Hall, Rob Swiatek and Fred Whiting attended a conference on "The UFO Experience" in North Haven, CT. And Mr. Berliner reported conducting a total of 39 media interviews resulting in more than 27 hours of air time in 1990.

STATEMENT OF INCOME AND EXPENSES
4th Quarter, 1990

| <u>Income</u> | <u>4th Quarter</u> | <u>Year To Date</u> |
|-----------------|--------------------|---------------------|
| Donations | \$ 9,140.68 | \$63,394.78 |
| Sales | 2,261.66 | 14,958.96 |
| Postage | 211.96 | 1,447.95 |
| Interest Income | <u>51.88</u> | <u>372.83</u> |
| Total | \$11,666.18 | \$80,174.42 |

Expenses

| | | |
|--------------------------|--------------------|--------------------|
| Mailing Services | \$ 4,828.11 | \$20,656.79 |
| Postage | 1,144.68 | 2,600.01 |
| Grants/Awards | 5,660.27 | 14,663.96 |
| Phone | 296.35 | 2,475.45 |
| Other (special projects) | <u>1,637.46</u> | <u>40,781.93</u> |
| Total | \$13,566.87 | \$81,178.14 |

ASSETS (As of December 31, 1990)

| | |
|-----------------------|--------------------|
| Checking Account | \$ 929.20 |
| Savings & Loan | 3,041.37 |
| Dreyfus Liquid Assets | 2,058.85 |
| Accounts Receivable | <u>3,450.00</u> |
| Total Assets | \$ 9,479.42 |

LIABILITIES

| | |
|------------------------|--------------------|
| Roswell case follow-up | \$ 1,537.33 |
| Abduction Implant | 2,000.00 |
| Abduction Case Study | 170.00 |
| Foo Fighter Project | 250.00 |
| Total Liabilities | \$ 2,157.33 |

NET WORTH **\$ 7,322.09**

1991 was a record-setting year for the Fund, in terms of both income and expenditures--primarily because of the "CRASH II" conference in July. As a result, the amount spent during the year on grants, awards and special projects (such as the Roswell case investigation) exceeded \$55,000--or nearly 70% of the Fund's total expenditures.

Income from contributions is the only significant way we can support scientific research and education projects, in our effort to solve the UFO mystery. Because we have no office or paid staff, we are able to make maximum use of every dollar contributed.

However, because of the increasing cost of postage and printing, we will no longer be able to send the Quarterly Report to individuals who have not made a contribution to the Fund in 1991. Therefore, unless your contribution of at least \$10 (\$15 for residents of foreign countries) is received within the next thirty days, this may be the last Quarterly Report you will receive. We will send copies of Pat Nolan's *UFODAZE*, a listing of UFO reports for each day of the year, to those who respond to this appeal, as long as supplies last.

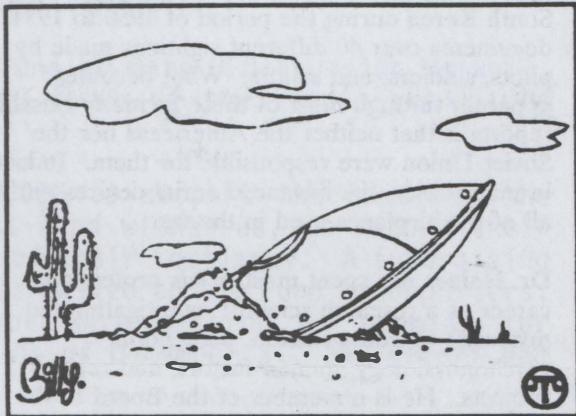

NOW AVAILABLE...from the Fund for UFO Research:

Recollections of Roswell by Fred Whiting (ed.)

A briefing paper and videotape focusing on first-hand, named witnesses involved in the apparent crash and retrieval of at least one Unidentified Flying Object and alien bodies by the U.S. military in New Mexico in July 1947.

The briefing paper is based on information contained in *The Roswell Incident* by Charles Berlitz and William L. Moore, and subsequent papers authored by Moore, Stanton T. Friedman, Don Schmitt and Kevin Randle; in addition, it contains information related by first-hand witnesses identified by investigators Friedman, Randle and Schmitt, subsequently recorded on videotape. The interviews with 15 first-hand witnesses were edited into a videotaped presentation on the Roswell UFO crash case.

The briefing paper is 30 pages in length; the videotape is 25 minutes long (VHS). \$50.00

The Allagash Affair by Raymond E. Fowler

This is a comprehensive, yet easily readable report that records the detailed investigation of a unique quadruple UFO abduction case, written by long-time investigator Raymond E. Fowler.

The initial inquiry involved the investigation of four credible persons who all shared the same conscious Close Encounter with a huge glowing UFO during a canoe trip along the Allagash Waterway in the wilderness of Northern Maine. All four witnesses experienced "missing time" during the encounter, and each person hypnotically re-lived an incredible and complementary UFO abduction experience.

Further investigation revealed that each of the witnesses exhibited the typical benchmarks characteristics of other "abductees." It's particularly interesting to note that two of the witnesses are twins, and that one of them had a lump (which coincided with an abduction experience) removed by surgery, which was forwarded to a USAF pathologist at a military facility for analysis.

The 10-Volume Report is spiral bound, exhaustively detailed and fully illustrated. 674 pages. \$70.00 (special price)

***Advanced Aerial Devices Reported During the Korean War* by Richard F. Haines, Ph.D.**

This is a fascinating book about strange metallic-appearing objects in the skies over North and South Korea during the period of 1950 to 1954. It documents over 40 different sightings made by pilots, soldiers, and sailors. What becomes apparent through most of these formerly classified reports is that neither the Americans nor the Soviet Union were responsible for them. Indeed, in many cases, the advanced aerial devices outflew all of the airplanes used in the war.

Dr. Haines has spent most of his professional career as a research scientist investigating the mysteries of human vision, perception, psychophysiology, human factors, and related subjects. He is a member of the Board of the Fund for UFO Research.

80 pages; illustrated. \$9.50 (limited supply)

***Phantom Helicopters Over Britain* by David Clarke and Nigel Watson**

Unmarked helicopters have been reported in recent years in the United States in association with UFO sightings, cattle mutilations and UFO "abductees." Is there a connection? Are "Phantom Helicopters" strictly an American phenomenon?

The co-authors of *The 1912-1913 British Phantom Airship Scare Catalog* (published previously by the Fund for UFO Research) tackle these potentially significant questions in a well-documented investigation into this previously unreported aspect of the UFO phenomenon.

Whether you are a veteran UFO investigator or a newcomer to the field of UFO research, you will find this to be a fascinating glimpse into what may be an important piece of the UFO puzzle.

44 pages; illustrated. \$8.80

ORDER FORM

Below is my printed name and address:

(Name) _____

(Address) _____

(City) _____ (State) _____ (Zip) _____

Enclosed is my tax-deductible contribution to support UFO Research in the amount of:

| | | | |
|--------------------------|---------|--------------------------|----------------|
| <input type="checkbox"/> | \$1,000 | <input type="checkbox"/> | \$50 |
| <input type="checkbox"/> | 500 | <input type="checkbox"/> | 25 |
| <input type="checkbox"/> | 250 | <input type="checkbox"/> | 10 |
| <input type="checkbox"/> | 100 | <input type="checkbox"/> | Other \$ _____ |

My contribution of at least \$10 is enclosed. Please keep me informed of new developments in UFO research through 1991.

Please send the publications indicated below:
